

It happened before. It can happen again.

Don't let this ...

turn into this ...

**Help prevent a *Caulerpa* invasion.
Be responsible. Don't use it.**

If this saltwater aquarium plant gets into our coastal waters,
it can smother native plant and animal life.

Dispose of aquarium plants, animals, and water properly.

Visit www.sccat.net to see pictures of the banned *Caulerpa* species.
